

Abrasion-Resistant Coating Prevents Scratches

Protects Delicate Finishes During Shipping & Storage

ScuffShield™ takes the protective strength of VBoard® and adds an abrasion-resistant coating to protect delicate finishes from scuffing and scratches that can occur in shipping and handling. ScuffShield™ is the perfect edge protector for furniture and appliances. The interior legs of ScuffShield™ have a special abrasion-resistant coating that seals off the rough fibers of the paperboard, leaving a smooth surface against the product. The ScuffShield™ coating also can be applied to other Laminations product offerings.

The coating gently cushions, grips and guards against surface damage during shipping, handling and storage.

ScuffShield's coating protects furniture finishes, including those that have been painted or stained, from abrasion during shipping and handling.

- Protect delicate finishes against scratches, abrasion, nicks and dents
- Ideal for use in shipping and storing furniture, appliances, glass, plastic and other products with surfaces that can easily be damaged
- Repulpable coating means ScuffShield™ is 100% recyclable
- Can be printed with your company's logo or message
- Outer layer available in clay or kraft
- Standard sizes available in lengths up to 300 inches
- Choose from a wide variety of calipers
- Leg length sizes range from 1.5" to 4"
