

# UChannel®

## A New Shape in Window and Door Packaging

### Three-sided edge protection for safe transport through your distribution channel

UChannel offers a highly durable, very cost-effective option that safely protects windows and doors until they arrive at their final destination. Its single-piece construction can be formed to provide a wide variety of widths and leg lengths, offering the ultimate in customized choices for window and door edge protection.

*UChannel is an innovative solution created to meet the precise needs of window and door manufacturers.*

*UChannel is sustainable packaging that provides highly effective protection without excess packaging.*

- Ideal for protecting all types and shapes of windows and doors, including garage doors
- Cost- and time-saving substitute for expensive wood crates or hard-to-handle corrugate
- Easy for workers to apply and remove
- Produced on state-of-the-art equipment to ensure fast turnaround and the highest-quality results
- Offered with a wide range of high-quality printing options: add your own logo or message
- Recyclable and environmentally friendly: a sustainable solution for your transport packaging needs
- Contact your local sales representative for samples

**Paper widths of up to 18 inches can be formed into virtually any combination of base sizes, leg sizes and leg lengths, including asymmetrical combinations.**

**When ordering UChannel, please specify:**

- ❶ leg size (height)
- ❷ base size (width)
- ❸ wall caliper (thickness): available in calipers of 0.080 to 0.600 inches
- ❹ lengths: standard lengths available up to 300 inches; special-order lengths available
