

GREAT SERVICE. GREAT RELIABILITY. GREAT SOLUTIONS.

**MATERIAL**

Made from 100% recycled paperboard and is 100% recyclable

**EFFICIENCY**

Lightweight and easy to store, assemble and remove

**CUSTOM-FIT**

Custom-fit to protect products of almost any size, shape, or weight

**STRENGTH**

Holds hundreds to thousands of pounds

## Laminations® Makes Shipping Easier

### THE CHALLENGE

A full-service custom manufacturer of commercial case goods and fixtures were shipping their phenolic cabinets in wooden crates which were expensive, difficult for their employees to build, and hard for their end-users to dispose of.

### THE BOTTOM LINE

Laminations helped them win by developing a SURECrate® solution with a corrugated shroud over it for scratch resistance. The manufacturer was able to save money and maintain high customer satisfaction with a solution that can be easily pre-built and is recyclable, making it easy for the end-user to dispose of.
