

Engineered Solutions

Specifically Designed for Your Application

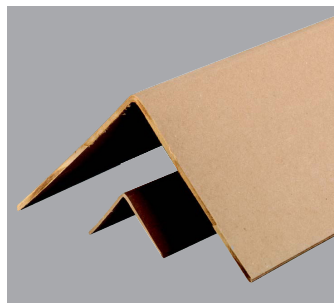

VBoard®

Made by laminating recycled paperboard into a rigid right-angle shape, VBoard® provides edge protection as well as load containment, stabilization and even weight distribution.

VGuard®

A shorter version of VBoard®, VGuard® protects against strapping damage on palletized loads or stacked products.

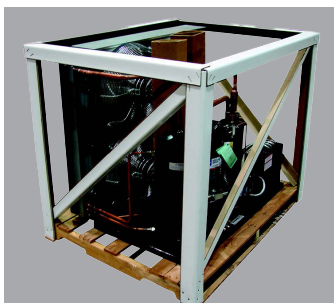

Mega VBoard®

An extra-large version of VBoard®, MegaVBoard® is available in sizes up to 9" x 9" (2" leg minimum) and a variety of leg lengths and calipers.

SUREContainer™

SUREContainer™ is a new, ergonomic alternative to wood, bulk and gaylord containers.

SURECrate®

Replacement for wooden crates that offers all the strength and protection with less material, labor and disposal.

NotchBoard®

Effective corner protection. Features precise die-cut notches and scores that permit it to be hand-folded.

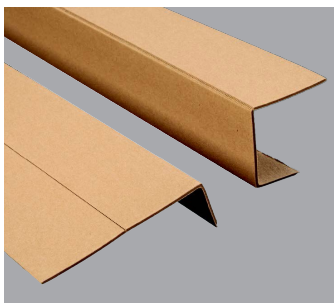

UCrate®

Offers a cleaner, lightweight option compared to wood.

UChannel®

Three-sided protection for windows and doors. Single-piece construction can be formed into custom sizes.

VChannel®

A flexible shipping option, easily converted into a UChannel®. Multiple scoring options available.

PF PalletTop®

This industry-leading design forms a sturdy square or rectangular shape to fit tops, dies, or bottoms of palletized loads.

PalletTop Display™

The fast, inexpensive solution for easy setup and easy-takedown shelving.

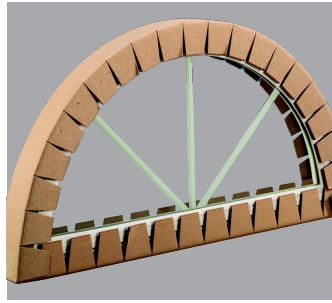

Display-ready Packaging™

Enhances your display stacking and strength.

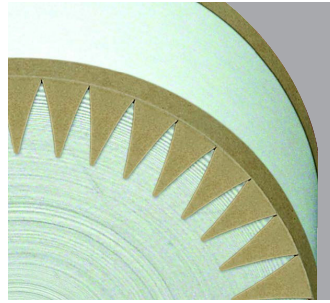

FlatCrate®

Multi-panel crate that ships and stores flat, but easily forms to function as a crate.

FlexBoard®

Edge protection for contoured products.

FlexRoll®

Edge protection on a roll. Continuous length roll with perforated, pre-bent pieces for rolled/contoured products.

PerfBoard®

Enhances product stackability with the added convenience of perforated legs for fast snap-off product layer separation.

QuikStik®

Features proprietary adhesive surface that holds long enough for you to wrap or band your pallet.

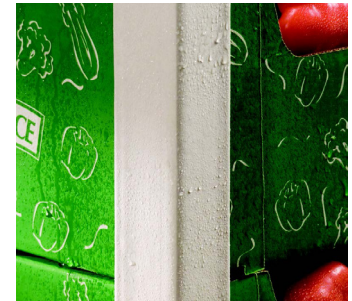

VBoard® Anchor

Holds VBoard® in place and protects corners of pallet loads.

PolyCoated™

Protects against corrosion, abrasion, oil, water and solvents with this coating.

HydroShield®

Ideal for protecting products in humid and wet environments.

ScuffShield®

Abrasion-resistant coating prevents scratches and protects delicate finishes during shipping and storage.

VBoard® and Clip Foam™

Added custom-fit foam protection.

Extruded VBoard®

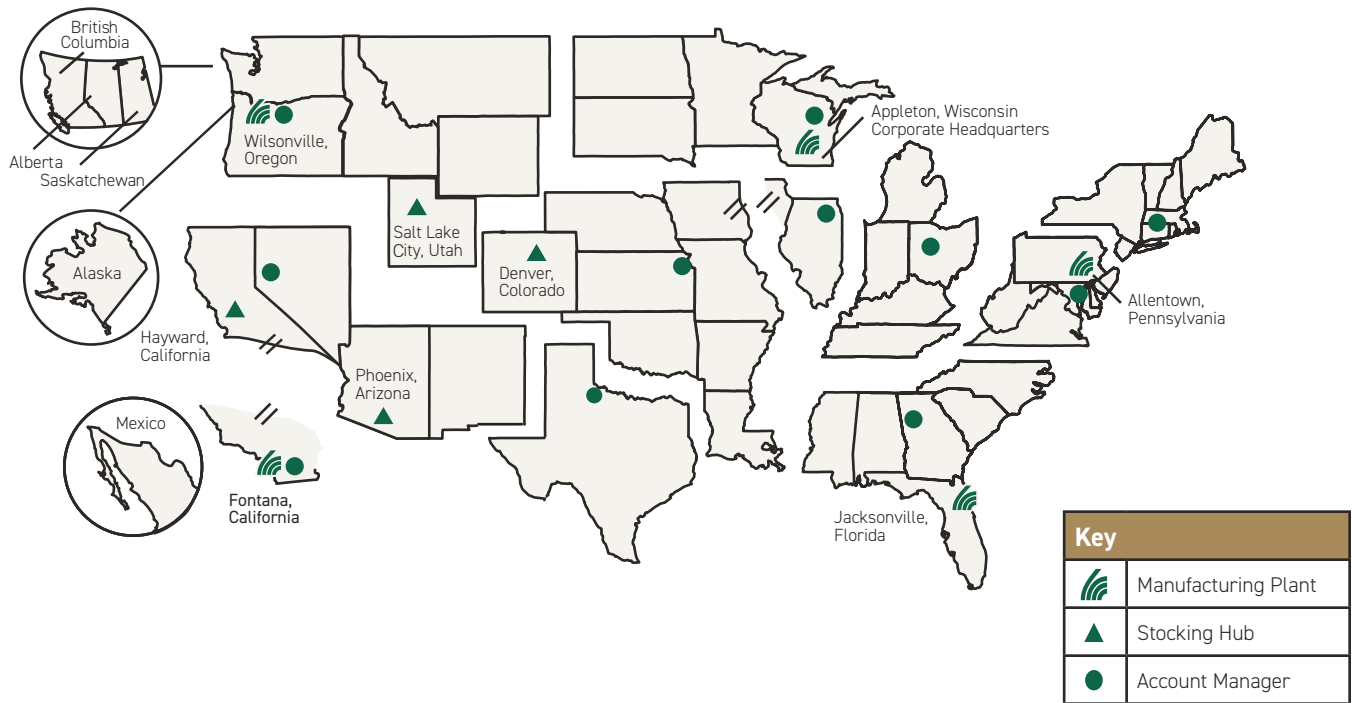

Durable extruded plastic is 100% waterproof. Available in VBoard®, VGuard® and FlexBoard®

Polywoven Air Bags

Moisture resistant, easy to inflate and install, and overall more efficient than those made from Kraft paper.

Great Northern Laminations has plants and stocking hubs across the United States. Our multiple locations allow us to serve customers expediently and cost-effectively.

All our paperboard products are made from recycled fibers consisting of about 80% post-consumer waste and 20% pre-consumer waste. All of these materials are 100% recyclable. Great Northern Laminations is committed to helping its customers choose packaging solutions with the environment in mind.

GREAT SERVICE.
GREAT RELIABILITY.
GREAT SOLUTIONS.
